# Sharpen Your Tools At MY Expense!

I will send you a **Harman Special Carborundum Farm Tool Grinder**, with seven Genuine Carborundum Grinding Attachments, right to your farm for an absolutely free trial lasting 10 days.

I will guarantee that this Carborundum Grinder will not draw the temper from steel. I don't want you to send me any money—not a cent. I want to make you an offer so liberal that you simply cannot afford to refuse it.

I will give you the use of this magnificent outfit for ten days absolutely FREE.—no red tape, no papers to sign, no obligations of any nature. Just get the outfit, use it for ten days just as though it were your own, on your own work, sharpen your sickles, plow shares, cultivator blades, scythes, axes—anything that is dull—then, if you wish, return it to me at my expense.

**Now, I want to tell you why I am making this offer**

We know that every progressive, up-to-date farmer realizes the advantage of always having sharp, bright tools to work with. You know how much more work can be done with tools which are always in good condition. You know how much easier your work is and how much longer your tools last. You know all these things and yet—you DO sometimes work with dull tools, don't you?

I want to prove to you that you can easily keep all your farm tools in good condition, all the time, with this wonderful, simply wonderful outfit which I will send you free.

Grind your tools better and 25 times quicker than with a grindstone. 4,000 revolutions a minute.

## 7 MACHINES IN 1

1. ROUGH GRINDER
2. FINE GRINDER
3. SAW GUMMER
4. SICKLE GRINDER
5. POLISHING WHEEL
6. RUST REMOVER
7. HONE

## Genuine Carborundum (Diamond) Grinder—NOT an Emery Wheel

And Carborundum is the most wonderful abrasive in the world, even harder than the diamond. It is really manufactured diamonds, for it is made of the very same substances which go to make up the diamond. Carborundum is the most perfect grinding substance known. It is just as much harder than emery as emery is harder than ordinary chalk. A grinding wheel made entirely of pulverized South African Diamonds would not grind one bit better or faster than the genuine Carborundum wheels which we furnish with this superb machine.

Carborundum is an absolutely new substance. It is not simply a substance which is dug up out of the earth, in fact, it does not occur in nature at all. Carborundum is manufactured in the most terrific heat which man has ever been able to produce. A heat so great that it will actually burn up a common brick like so much gun powder. And in this incomprehensible heat is produced Carborundum. It is the heat in which the worlds were formed. Every one of the beautiful iridescent, needle-like crystals is so hard that it will actually scratch the diamond itself. It is these crystals which are crushed up and made into the grinding wheels. It is these inconceivably hard and sharp crystals which cut through the hardest steel more easily than the finest emery wheel will cut through soft copper.

## SAVES TIME—EFFORT—MONEY!

You can do the same work in two minutes on a Carborundum wheel that would take you at least a half an hour on a grindstone, and do it better. And you can operate The Harman Special Farm Tool Grinder for half an hour with less effort than would be required in running a grindstone for two minutes. Carborundum will grind 25 times faster than the grindstone and 8 times faster than the emery wheel.

We want to prove these things to you and at our expense. We want to send you the Harman Special Farm Tool Grinder for a ten days' trial right on your own farm. See for yourself how it will grind and sharpen every tool on your farm. See for yourself that it is time to throw away the grindstone. Send the free coupon for our free booklet describing this wonderful substance Carborundum. Mail the coupon today.

## LASTING—BINDING—GUARANTEE

Carborundum wheels are so much harder than the hardest steel that no amount of grinding seems to have the slightest effect on them. Carborundum will cut the biggest steel file you have in two in five seconds. We give a lasting, binding guarantee with every tool grinder.

### Carborundum will NOT draw the temper from steel

Carborundum wheels will not wear in spots or become lopsided. They will not glaze over. They are not only hard, but they are equally hard throughout. There are no soft spots in a Carborundum wheel. Many have been in use for 10 years and show hardly a bit of wear. Carborundum wheels will positively not draw the temper of the finest tool. The reason for this is that Carborundum does not heat the article which is being ground as does an emery wheel or a grindstone. Carborundum cuts and cuts quickly—it cuts so quickly that the steel does not have time to heat.

## THOUSANDS IN USE

### Read These Letters of Praise

#### Best For All Kinds of Tools

Enclosed you will please find money order for Harman Grinder which I received about ten days ago. Will say that I have tried it on everything from a razor to a plow point and am well pleased with the machine. It is the most complete section grinder I ever saw, and for grinding all kinds of tools I never saw its equal.

W. L. PRYOR,  
Titusville, Ind.

#### Abused But Still Works Well

We think the grinder is a great machine. It does fast work; we have tested it to the extent of abuse, but all rough tools yield to it; just what is claimed for it.

HOOVER & PERSHING,  
Muncie, Ind.

#### Beats All Grinding Machines

The Harman Grinder arrived yesterday in good shape. I put it together and tried it on a set of mowing machine bars, and I was astonished at the work it did. It beats all the grinding machines I ever saw, and I have seen at least six different kinds. I can set the bar holder just right and it will grind two sections on the side of the stone without touching it (the bar). I also tried the tool grinder. I found five cold chisels and a center punch, which as usual with all farmers, were as dull as possible, some of them being one-eighth of an inch on the edge. I ground them to a fine edge and finished a very smooth fine edge on polishing wheel, and just think, I was just 12 minutes and did not hurry at all. And you know cold

chisels sent out with mowing machines are generally tempered pretty hard. I am certainly going to keep the machine, and if I could not get another I would not take any money for it.

PHILIP CARLYOU,  
Dunkirk, N. Y.

#### She is a Dandy, Very Well Satisfied

I received your machine all right and am very well satisfied; she does better than I expected. She is a dandy. Every farmer ought to have one.

ANDREW GINHAL,  
Brainerd, Minn.

#### Cuts Steel Like Wax

Enclosed please find check for the grinder. I am very much pleased with it and I find it cuts down steel as fast as wax in a fire. Thanking you for your attention and living up to your advertisement, I am,

A. SIMPSON,  
Cambridge, Mass.

#### Makes Cross Cut Saw Good as New

I received your tool grinder the 20th and have given it a thorough trial. It does the work fine. I have gummed a cross cut saw and it is as good as new. The Harman Grinder is a dandy, and I would not be without one.

S. A. BAUGHMAN,  
Bloomfield, Ia.

#### It Cuts Splendid

I received the grinder on the 16th inst., have tried the tool wheel and it is O. K. I like the way the machine works as far as tried; it cuts splendid.

C. J. TOWELL,  
Annville, Jackson Co., Ky.
